iWEM started in Taipei in 2010 and was named as “**International Conference on Applications of Electromagnetism and Student Innovation Awards**” (2010 ICAE/SIA). The conference was renamed in 2011 as “**IEEE International Workshop on Electromagnetics: Applications and Student Innovation Competition**” (2011 IEEE iWEM). It provides not only an international platform for scientists and engineers to exchange their ideas, but also a good venue for young scholars and students to demonstrate their innovative results. Your participation to the coming iWEM2017 is highly appreciated. We sincerely invite you to join the conference and enjoy the classic and elegant British city.

iWEM 2017, International Workshop on Electromagnetics will be held at University College London (UCL), UK from 30 May to 1 June, 2017. It is the first time that the workshop is to be held in the Europe.

Keynote Speakers

Prof Chi-Hou CHAN, City University of Hong Kong, China
Prof John CRAWFORD, Rothamsted Research, UK
Prof Koichi ITO, Chiba University, Japan
Dr. Keren LI, National Institute of Information and Communication Technology, Japan
Prof Tapan SARKAR, Syracuse University, USA
